Plainview Public Schools
Student/Parent Handbook 2017-2018 School Year

Foreword

Section 1 Intent of Handbook:

The years in school have no substitute; when they are gone they cannot be recalled. Emptiness punctuated by regrets serves only to haunt a future tainted by thought of what might have been. Take advantage of what is here now; recognize that “your school years” are a precious, special time unique in all your lives. In short, understand while you are young, the magic of being young. The faculty and I welcome you to Plainview Public Schools and to a new and exciting part of your life.

To each one of us this new school year means something different. However, we all have one thing in common; we are all part of one of the finest schools in the state of Nebraska. This hasn’t happened by accident but has been the combined efforts of our school, community, school board, entire staff and most important of all, an excellent student body.

Over the past years our students have excelled in every phase of our school program and of this we are truly proud. You have helped to establish the outstanding reputation we maintain. By your continued hard work and pride in Plainview Schools, the tradition of excellence in education and achievement in co-curricular activities will continue to be the rule, rather than the exception.

All successful organizations must have some form of structure to give it direction so that certain goals can be achieved. The goal of Plainview Public Schools is to provide for you the best educational opportunities we possibly can. To the end of creating a sound and pleasant environment, we prepared this handbook to inform you of the expectation our academic community has, the conditions, which surround an institution of high quality and the activities available to you.

This handbook is intended to be used by students, parents and staff as a guide to the rules, regulations, and general information about Plainview Public Schools. Each student is responsible for becoming familiar with the handbook and knowing the information contained in it. Parents are encouraged to use this handbook as a resource and to assist their child in following the rules contained in this handbook.

Although the information found in this handbook is detailed and specific on many topics, the handbook is not intended to be all encompassing so as to cover every situation and circumstance that may arise during any school day, or school year. This handbook does not create a “contract.” The administration reserves the right to make decisions and make rule revisions at any time to implement the educational program and to assure the well being of all students. The administration will be responsible for interpreting the rules contained in the handbook. Should a situation or circumstance arise that is not specifically covered in this handbook, the administration will make a decision based upon all applicable school district policies, and state and federal statutes and regulations.

Article 1 – Mission and Goals School Mission Statement

The Mission of Plainview Public Schools is dedicated to educating, encouraging, and empowering all students for success in an ever-changing society.

Motto-Educating, Encouraging, and Empowering for Success

School Improvement Goal

All students will improve in reading skills across the curriculum.

Section 1 Beliefs

Plainview Public Schools is a self-sufficient, commanding educating presence in Northeast Nebraska that:

1. Provides learning opportunities that incorporate technology for staff and students.
2. Inspires students to develop their minds in the pursuit of achievement.
3. Shares responsibility to provide quality educational progress among parents, students, teachers, administrators and community members.
4. Provides a well-balanced program in career enlightenment.
5. Promotes and models social responsibility.
6. Creates a safe learning environment.
7. Creates community-centered leaders.

Vision

Today we prepare students for their future, one that can hardly be imagined. What we know is that critical thinking skills will be crucial to their success. The seamless integration of technology aims not to replace our current learning and teaching strategies but to enhance these by providing students with constant and consistent access to technology both in the classroom and at home. Students will have the opportunity to solve meaningful problems through critical thinking and analysis in a globally connected environment while understanding that the use of such technologies needs to be approached in socially responsible ways that reflects our community values. Excellence in education as we enter the 21st century presupposes that technology is seamlessly integrated throughout the program. Successful integration of technology into the curriculum depends on student access to technology, ongoing faculty-staff training and a strong infrastructure. Our faculty ensures that curriculum drives our decisions regarding technology. We believe that consistent and constant access by the individual learner to the learning tool strengthens their evolution as a critical thinker, thereby ensuring their success in the future.

Section 2 Mutual Respect

Plainview Public Schools expects every staff member and student to be treated with respect and dignity. A show of disrespect toward a staff member or insubordination on the part of the student will not be tolerated.

Section 3 Multicultural Policy

Multicultural education is the identification, selection and infusion of specific knowledge, skills and attitudes for the purpose of:

- Affirming the culture, history and contributions that shall include but not be limited to African Americans, Asian Americans, Hispanic Americans and Native Americans;
- Challenging and eliminating racism, prejudice, bigotry, and discrimination and stereotyping based on race;
- Valuing multiple cultural perspectives; and
- Providing all students with opportunities to “see themselves” in the educational and environment in positive ways on a continuing basis.

To promote and support multicultural education within Plainview Public Schools, it shall be the policy and practice of the district to create opportunities for all students to achieve academically and socially in an educational environment in which all students and staff understand and respect the racial and cultural diversity and interdependence of members of our society.

Section 4 Complaint Procedures

The proper procedures for a parent or student to make complaints or raise concerns about school staff or the school programs or activities are set forth below. Other procedures exist to address discrimination or harassment, the bullying of students, and to challenge disciplinary actions, and such other procedures should be used to address those types of concerns.

1. Complaint procedure:

Step 1. Have a scheduled conference with the staff person involved in the complaint matter.

Step 2. Appeal to the Principal if the matter is not resolved at Step 1.

Step 3. Appeal to the Superintendent if the matter is still unresolved at Step 2.

Step 4. Appeal to the Board of Education if the matter is still unresolved at Step 3. Written appeal should be made within five (5) days of the Superintendent’s decision.

2. Conditions Applicable to All Levels of Complaint Procedure:

All information to be considered at each appeal step should be placed in writing in order to be most effective. Appeal decisions shall be expedited as quickly as possible. A decision at any level should be rendered within ten (10) calendar days, unless a legal hearing is requested or required.

Severe Weather and School Cancellations

The Superintendent of schools is authorized by the Board of Education to close Plainview Public Schools in case of severe weather. Representatives of the Superintendent's staff will notify local news media when inclement weather warrants such action. The information is broadcast regularly by radio and television stations.

Decision to Close Schools. A decision to close school is made when forecasts by the weather service and civil defense officials indicate that it would be unwise for students to go to school. If possible, a decision about the next school day will be made by 9 p.m. for announcement during the 10 p.m. news. An early decision is not always possible because of uncertain weather conditions. School officials will make periodic assessments of conditions during the night and will decide early in the morning (by 6:30 a.m. if possible). In any case, **an announcement will be made to the news media when schools will be closed.** In some instances, schools will be open, but certain services may be cancelled (bus transportation, student activities). Parents/students will also be contacted through Alert Now system as well.

After School Starts. Every attempt will be made to avoid closing school once classes are in session. In some instances closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases as much advance notice as possible will be given to parents. If school is closed during the day the notice will be broadcast by the media and **parents should have a plan in place to accommodate these circumstances.**

Parental Decisions. **Parents may decide to keep their children at home in inclement weather because of personal circumstances.** Students absent because of severe weather when school is in session will be marked absent. The absence will be treated like any other absence for legitimate causes provided parents properly notify the school of their decision. Parents may pick up their children in inclement weather at any time during the school day. Students will not normally be dismissed from school during severe weather on the basis of a telephone request.

What Not To Do. Parents should not attempt to come to school during a tornado warning. **School officials are not permitted to release students for the school building during a tornado warning.** Tornado safety procedures are practiced regularly by students and staff members. Also, parents are urged not to call radio and television stations and school buildings during severe weather. Every effort will be made to provide accurate and timely information through the media.

Emergency Conditions. Plainview Public Schools has a signal which, when activated, includes the necessity to either evacuate the building or to move to safer areas of the building. All regular drills are held as required by law through the school year. There are plans for Emergency Exit system, Tornado Warning System, and Critical Emergency Response.

Section 3: Closed Campus

Plainview Public Schools operates under a closed-campus, except for lunch periods for grades 10-12. Students are not allowed to leave the building during the school day, 8:10 a.m. until 3:40 p.m. without permission of a student's parents or legal guardian and the Principal. All students leaving the building (for any reason) must receive permission from the Principal to do so. Students leaving without permission will be dealt with accordingly.

Article 3 – Use of Building and Grounds

Section 1 Entering and Leaving the Building

Beginning of School: Students should not be on school grounds prior to 7:45 a.m. unless they are eating breakfast. Students are not to go to any other part of the building without permission.

During the School Day: Students are to remain on campus unless excused in accordance with school policies. Any student leaving school is required to check out with the Principal and sign out. The student needs to give name, time of leaving, and a written note for the absence to insure that parents know and approve of the student leaving school early. In case of illness, a call to parent or guardian will be made to insure proper attention to the health of the student. Failure to check out properly may result in disciplinary action.

Upon return to school during the day students are to report to the school office and sign in.

End of School: Our regular school day ends at 3:40 p.m. Make-up work, special help, assignments after school, club meetings, and other school activities begin at 3:40 p.m. It is important that students who are involved in any of these activities report to the designated area on time. All other students must clear the buildings as soon as possible. No students should remain in the building after 4:30 p.m. unless under the direct supervision of a staff member.

Section 2 Visitors

All visitors are to check in at the Principal's office or Superintendent's office. No one is to enter a class in session without the Principal's permission. We encourage parent visitation of classes and often allow others to observe classes. However, interruption of classroom processes to confer with a teacher or a student is forbidden without proper authorization. All visitors should first check in with the Principal's office. It is strongly recommended that students refrain from bringing guests to school because they create a hardship on both teachers and students. Students wishing to bring a visitor to school must secure permission for this visitor at least one day in advance. No visitor passes will be issued during the first two weeks and the last two weeks of each semester. Refer to BOE Policy #1005.03 and #1005.07.

Section 3 Smoke-Free Environment

Plainview Public Schools declares all of our school buildings to be smoke-free. We would appreciate your help in meeting the goal of a smoke and tobacco free environment for our children. When you attend school events, including athletic events, please remember that our buildings are smoke and tobacco free and abide by our District's policy.

Section 4 Care of School Property

1. Students are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school.

2. Students who disfigure property, break windows or do other damage to school property or equipment will be required to pay for the damage done or replace the item.

School-issued items that are stolen or damaged are the responsibility of the student whom they were issued. Students must pay all fines before they can receive school publications and final grades.

Section 5 Lockers

Each student (grades 7-12) will be assigned a locker and a lock. Students must use their own lockers and are not to share lockers with other students except as assigned by school officials. Students are expected to keep all books, etc., in their assigned locker. Students are also responsible for the cleanliness inside their locker and the door of their locker. Students will not be allowed to tape pictures in their locker bearing wording or insignias of alcoholic beverages, drugs, tobacco, profanity, or suggestive inscriptions or pictures. Situations of this nature will be handled accordingly by the principal. Students may be assessed a fine for damage to lockers. Personal belongings and books should not be stored on top of lockers.

Section 6 Searches of Lockers and Other Types of Searches

The school owns student lockers, desks, computer equipment, and other such property. The school exercises exclusive control over school property. Students should not expect privacy regarding usage of or items placed in or on school property, including student vehicles parked on school property, because school property is subject to search at any time by school officials. Random searches of lockers, desks, computers and other such property may be conducted in the discretion of the administration.

The following rules shall apply to searches of student and student's personal property and to the seizure of items in a student's possession or control:

1. School officials may conduct a search if there is a reasonable basis to believe that the search will uncover evidence of a crime or a school rule violation. The search must be conducted in a reasonable manner under the circumstances.
2. Illegal items or other items reasonably determined to be a threat to the safety of others or a threat to educational purposes may be taken and kept by school officials. Any firearm or other weapon shall be confiscated and delivered to law enforcement officials as soon as practicable.
3. Items that have been or are reasonably expected to be used to disrupt or interfere with the educational process (that is, "nuisance items") may be removed from student possession.

Section 7 Video Surveillance

The Board of Education has authorized the use of video cameras on School District property to ensure the health, welfare and safety of all staff, students and visitors to District property, and to safeguard District facilities and equipment. The Superintendent may use video cameras in locations as deemed appropriate.

Notice is hereby given that video surveillance may occur on District property. In the event a video surveillance recording captures a student or other building user violating school policies or rules or local, state or federal laws, the video surveillance recording may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Section 8 Use of Telephone

A telephone located east of the Principal's office is provided for student use. The school telephones in all office areas are for the purpose of conducting school business, not for a private calls made by students. Students will not be called out of class to answer phone calls except in emergencies.

Section 9 Vehicles and Parking

Student parking at Plainview Public Schools is located around the building on the street. Students are to be respectful of property owners who live around the school buildings. Students must obey all traffic signs posted and adhere strictly to the posted speed limits around the school campus.

Students are to park their vehicles immediately upon arrival at school, vehicles are off limits once they are parked and students are not allowed to access any vehicle during the school day, which includes while at activities. The Principal shall be the authority in determining who may drive a vehicle during the day. Students who disregard this policy are subject to disciplinary action.

The school is not responsible for damage or theft while vehicles are on school property.

Section 10 Student Valuables

Students, not the school, are responsible for their personal property. Students are cautioned not to bring large amounts of money or items of value to school. If it is necessary to bring valuable items or large sums of money, leave the money or valuables with a staff member in the school office for temporary and safekeeping. Even then, the school is not in a position to guarantee that the student's property will not be subject to loss, theft, or damage.

Section 11 Lost and Found

Students who find lost articles are asked to take them to the office, where the owner may claim the articles. If articles are lost at school, report that loss to office personnel.

Section 12 Accidents

Every accident in the school building, on the school grounds, at practice sessions, or at any athletic event sponsored by the school, must be reported immediately to the activity sponsor.

Section 13 Laboratory Safety Glasses

As required by law, approved safety glasses will be required of every student and teacher while participating in or observing vocational, technical, industrial technology, science, and art class. All visitors to these areas must check out a pair of safety glasses when entering any of these areas.

Section 14 Insurance

Under Nebraska law the District may not use school funds to provide general student accident or athletic insurance. Plainview Public School shall make a student accident insurance, including football insurance, available to parents/guardians on the basis of a group accident insurance policy. This insurance is available to all members of the student body at a nominal cost. Information about student insurance providers will be available in the school office or on school bulletin boards. Enrollment in this insurance plan is voluntary with all premium paid by parents/guardians. This student insurance policy is not intended to replace other insurance coverage. It is designed as a supplement to your existing insurance coverage.

The district may, on an annual basis, purchase catastrophic accident insurance coverage for students.

Section 15 Bulletins and Announcements

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved by the Principal's/Superintendent's office. Posters are not to be attached to any painted wall surfaces. Place posters on glass, metal, brick and wood. The person or organization responsible for distributing the posters is responsible to see that all posters are removed the next day after the event.

All notices of club meetings, athletic and social events, general information for the day and specific instructions are announced in the daily bulletin.

Section 16 Fire Drills and Tornado Drills

Fire drills and tornado drills at regular intervals are required by law and are an important safety precaution. It is essential that when the first signal is given, everyone obeys orders promptly and clears the building or takes cover by the prescribed route as quickly as possible. The teacher in each classroom will give the students instruction. Fire and tornado drill instructions are posted in each classroom. Make it a point to familiarize yourself with the instructions.

The fire alarm, which is a steady bell from the fire alarm system, is a signal for all pupils and teachers to make a quick, quiet and orderly exit from the building. When you are out of the building you should report to your designated area with your teacher. The students will be notified by the Principal or his/her designee to return to the building.

A tornado drill will be announced on the school intercom. Again, take cover in the designated areas quickly and quietly in an orderly fashion. An announcement on the intercom will return students to class following the drill.

Section 17 Halls

The practice of courtesy in the halls will result in orderly passing to and from classes and keeping to the right at dismissals. Running, pushing, shouting, whistling and loafing are examples of poor conduct and crude manners. Talk in a subdued voice. Teachers will supervise the halls before school, between classes, and after school.

Section 18 Copyright and Fair Use Policy

It is the school's policy to follow the federal copyright law. Students are reminded that, when using school equipment and when completing course work, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the "fair use" of a copyrighted work, including reproduction "for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research" is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted "fair use," rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is "fair." Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

Section 19 Cell Phones/Electronic Devices

Cell phones and other electronic devices should not be seen or heard during school hours without permission. This includes texting during the school day. The school is not responsible for loss of cell phones in school. Students enrolled in Long Distance Learning classes where there is not a teacher in the classroom with the students, may be required to turn their phones in to the office daily prior to the class and will have the phones returned to them after the class is over.

Students who are found to be in violation of this policy shall be subject to the following disciplinary action:

First Violation-

Student will surrender the cell phone to the principal for the rest of the day from the date of the violation. The student will serve a 30-minute detention and a parent must come pick up the phone.

Second Violation-

Student will surrender the cell phone to the principal for a period of overnight from the date of the violation. The student will serve two 30-minute detentions and a parent must come pick up the phone.

Third Violation-

Student will surrender the cell phone to the principal for three days from the date of the violation. Student will serve 3 30-minute detentions and a parent must come pick up the phone. A parent will be required to come to school and pick up the cell phone. The phone may be picked up at the end of the last day of the violation period.

Students are strictly prohibited from sending, sharing, viewing or possessing pictures, text messages, emails, or other material of a sexual nature in electronic or any other form on a computer, cell phone, or other electronic device while at school. Students who possess prohibited material on their cell phone or other electronic device while at school shall be subject to disciplinary consequences.

Section 20 Library Policy

Students are allowed to check out up to 10 books at one time depending on their grade level. After two weeks the book may get renewed. The students will be given an overdue notice every two weeks. Students will be charged replacement cost for any lost books.

Section 21 Energy and Muscle Building Drinks Policy

Students are not allowed to possess or consume any form of energy drinks or muscle building drinks on school property. This includes having any shaker blending bottles in the school. This policy pertains to all buildings, classrooms, and school transportation. It also includes school activities.

Article 4 – Attendance

Section 1 Attendance Policy

Regular and punctual student attendance is required. The Board's policies require such attendance, the administration is responsible for developing further attendance rules and regulations, and students and parents are responsible for developing behaviors which will result in regular and punctual student attendance.

Section 2 Attendance and Absences

Absences From School – Definitions. *An absence from school will be reported as: (a) an excused absence, (b) an unexcused absence, or (c) directed absence.*

1. Excused Absences. Absences should be cleared through the principal's office in advance whenever possible. All absences, except for illness and /or death in the family, require advance approval. An absence for any of the following reasons will be excused, provided the required procedures have been followed:
 - (A) Attendance at a funeral for a member of the immediate family (parents, siblings, and grandparents),
 - (B) Illness which causes a student to be absent from school,
 - (C) Doctor or dental appointment which require student to be absent from school,
 - (D) Court appearances that are required by a court order and the student is required to be in court.
 - (E) School sponsored activities which require students to be absent from school,
 - (F) Family trips in which student accompanies parent (s)/legal guardian(s).
 - (G) Other absences which have received prior approval from the Principal.

The Principal has the discretion to deny approval for the latter two reasons, depending on circumstances such as the student's number of other absences, the student's academic status, the tests or other projects which may be missed, and in the case of a family trip, whether the trip could be taken during non-school time and the educational nature of the trip.

2. Unexcused Absences: An absence which is not excused is unexcused. If a student's absence is unexcused the student will be required to make-up work and the missed. Examples of unexcused absences are haircuts, senior pictures, etc.

A student who engages in unexcused absences may be considered truant as per state law, Neb.Rev.Stat. § 79-201. Truancy is a violation of school rules. The consequences of such action may include suspension from classes and the student may be required to make up the time missed. Students who leave the school premises without permission during the school day will be considered truant.

3. Directed Absences: Absences that occur when a student is absent from a scheduled activity because he/she is participating in another instruction or non-instructional activity at the direction of school officials. Such activities would include, but not to be limited to, field trips, co-curricular school activities, and other school sponsored activities. Whenever possible, the work must be completed within a reasonable time following the absence. The administration shall determine what constitutes a reasonable time.
4. A Doctor note will be required for non-participation in Physical Education after 2 notes have been received from parents.

Absence Procedure. For a student absence that has not been prearranged, parents or guardians are requested to call the school office before 8:30 a.m. If this is not done, the student is expected to present a written excuse to the office from a parent or guardian upon his or her return to school. If no excuse is presented within two days of the absence, it will be considered unexcused and all consequences of unexcused absences will apply.

For excused absences, two school days will be allowed to make up the work for each day missed with a maximum of ten (10) days allowed to make work. If requested, assignment sheets will be prepared for students who are ill. If parents and/or students request assignment sheets the school should be contacted by no later than 10:00 a.m.

Reporting and Responding to Truant Behavior. Any administrator, teacher, or member of the Board of Education who knows of any failure on the part of any child age 6 to 18 to attend school regularly without lawful reason, shall within three days report such violation to the Superintendent. The Superintendent shall immediately cause an investigation into any such report to be made. The Superintendent shall also investigate any case when of his or her personal knowledge, or by report or complaint from any resident of the district, the Superintendent believes that any child is unlawfully absent from school. The school shall render all services in its power to compel such child to attend some control of the child shall designate, in an attempt to remediate the child's truant behavior. Such services shall include, as appropriate, the services listed under the "Excessive Absenteeism" and "Reporting Habitual Truancy" policies.

Excessive Absenteeism. Students who accumulate five (5) absences in a quarter shall be deemed to have "excessive absences." Such absences shall be determined on a per day basis for elementary students and on a per class basis for secondary students. When a student has excessive absences, the following procedures shall be implemented:

1. One or more meetings shall be held between a school attendance officer, or other person designated by the school administration and the parent/guardian and the student to report and attempt to solve the attendance problem. If the parent/guardian refuses to participated in such meeting, the principal shall place in the student's attendance records documentation of such refusal.
2. Educational counseling to determine whether curriculum changes, including but not limited to, enrolling the child in an alternative education program that meets the specific educational and behavioral needs of the child.
3. Educational evaluation, which may include a psychological evaluation, to assist in determining the specific condition, if any, contributing to the attendance problem, supplemented by specific condition efforts by the school to help remedy any condition diagnosed.
4. Investigation of the attendance problem by a person designated by the administration to identify conditions which may be contributing to the attendance problem. If service for the child and his or her family are determined to be needed, the person performing the investigation shall meet with the parent/guardian and the child to discuss any referral to

appropriate community agencies for economic services, family or individual counseling, or other services required to remedy the conditions that are contributing to the attendance problem.

Loss of Credit. All students enrolled in grades K-12 at Plainview Public Schools are to be in attendance each day that school is in session. As per Board of Education policy, the Administration may withhold class credit or require the student to make up the time lost for absences, including excused and unexcused, which exceed 6 absences per class per semester. Directed absences shall not be included in the 6 absences per class per semester. In some situations, such as a hospitalization, the Administration may determine a home-bound program to be necessary. Students in such program may make up work without loss of credit. A doctor note is required for medical excuses. However, excessive and non-consecutive illnesses, even with a doctor note may result in credit reduction.

Eligibility. A student who accumulates 5 or more absences in a quarter and is deemed to have “excessive absences” may be denied eligibility in co- or extra-curricular activities. Final determination will be made based on type of absences and the students’ academic performance.

Reporting Habitual Truancy. Students who accumulate excessive absences per year (20 days) shall be deemed to be habitually truant. If the student continues to be or becomes habitually truant, the principal shall serve a written notice to the person violating Neb.Rev.Stat§ 79-201, (i.e. the person who has legal or active charge or control of the student) warning him or her to comply with the provisions of the statute.

Section 3 Tardiness

Tardy to School: Students will be considered tardy to school if they are not seated in their assigned class or ready and attentive in their assigned area when the bell for their first class rings. After the third tardy each semester, students will be assigned a thirty minute detention for each subsequent tardy.

Tardy to Class: Students will be considered tardy to class if they are not in their classroom when the tardy bell rings, unless they have a pass from the teacher who detained them. Specific tardy guidelines once students are in the classroom doorway are at the discretion of the classroom teacher. Students have a sufficient time period between all class changes to make it to their next assigned class on time.

Section 4 Leaving School

Students who must leave school for any reason during the school day must check out at the office before leaving. Students leaving school must be cleared in advance by a note or phone call from the student’s parent or legal guardian. Upon returning to school that same day, students are expected to sign in at the office. A sheet will be available on the office counter for this purpose. Students who leave without permission and without signing out in the proper manner will be considered truant.

Section 5 Attendance is Required to Participate in Activities

Students must attend at least one-half day of the school day on the day of any scheduled school activity in order to participate in the activity. This includes sports contests, practice and dances.

Failure to attend on that day will result in a student being withheld from participation in the activity. The principal retains the right to grant participation should exceptional circumstances prevail.

Article 5 – Scholastic Achievement

Section 1 Grading System

Plainview Public Schools will use the letter system as follows:

A	93-100
B	85-92
C	77-84
D	70-76
F	Below 70
INC	Incomplete
SAT	Satisfactory
U	Unsatisfactory (no credit)

Incomplete

Students who receive incomplete grades in a class for a semester will meet with the teacher to establish what work must be completed to receive credit in the class. Also, the teacher and student decide on the deadline for completion of this work. (Maximum of 10 days for first semester work and two weeks after school for the second semester credits.) These arrangements are to be put in writing and given to the student, parent, teacher, counselor and Principal. All work is to be completed by the deadline or the student receives a failure and no credits for the semester.

Failing Grades

A failing grade at the end of the semester means a loss of credit. If during the four years in high school, you have failed a required subject, it is your responsibility to register for the course again. The course or courses will be taken as soon as they can be worked into your schedule in order that you meet the full requirements for graduation.

Section 2 Grading Procedures Each teacher should define for students the grading procedures to be used in their classes.

Section 3 Cheating Students who are cheating on tests or helping other students cheat will not be tolerated. This applies for daily work as well. Plagiarism or claiming others work as your own is considered as cheating and dealt with accordingly. Students learn by doing their own work. Students found to be cheating on school assignments/tests will be disciplined by the teacher according to the

teacher's class policies and the circumstances surrounding the incident. An in-school suspension will also be served for cheating.

Section 4 Ineligible List Students in grades 7-12 failing two classes in a one week grading period will be ineligible to participate in extra-curricular activities for the following week (Tuesday through Monday). If a student in grades 7-12 appears on the failing list two consecutive weeks, and not in the same class, they will be placed on the Ineligible list. Students failing even one class and not the same class, for three consecutive weeks will be ineligible to participate in extra-curricular activities. Grades will be pulled in the office on Monday morning and the failing/ineligible list will be sent to teachers. Any student that appears on the failing list will be required to attend Advantage and will be required to attend for the entire time.

Section 5 Class Rank

Scholastic class rank is figured at the end of each semester for each student in high school. Rank in class is based on a student's grade point average. (calculated to 3 decimal places) and compares the student's relative rank with all other students in their class.

The following classes are weighted and will receive 6 credit hours per semester upon completion: Calculus, Stats, Trigonometry, College Algebra, Advanced Biology, Physics, Spanish IV, College Composition and College Literature.

This class rank and grade point average is very important, as part of each individual's requirement or college entrance and scholarship application. With this in mind, each student should strive to maintain the best possible grade point average and class rank.

Section 6 Graduation Requirements

1. Students must attend high school on a full-time basis for a minimum of 8 semesters and be enrolled in a minimum of 7 courses per semester. The Principal may waive the minimum load requirement when exceptional circumstances make that an appropriate action.
2. A student must receive credit for a minimum of 265 credit hours of coursework. Students attending the University of Nebraska system need to be aware that the requirements for unrestricted access to the NU system exceed some of the Plainview High School requirements.
3. Credit is awarded for those courses which are part of the school's approved academic schedule or which the Superintendent has approved.
4. The Superintendent may grant exceptions to these general requirements and to the specific requirements listed below or his/her designee for handicapped student's whose Individual Education Plan and/or Transition Plan identifies more appropriate requirements, or for such other reasons as the superintendent may deem appropriate. The Superintendent or his/her designee may also make waivers of general or specific requirements when it is deemed in the interests of the student and the school district. In some areas of the requirements specific alternative courses are identified; elsewhere, the Superintendent or his/her designee may approve an alternative course when appropriate.

GRADUATION REQUIREMENTS

Students must successfully complete the courses required by the board and the Nebraska Department of Education in order to graduate. It shall be the responsibility of the superintendent to ensure that students complete grades one through twelve and that high school students complete 265 credits prior to graduation. Credits will be required according to the following:

Areas of Study	Graduation Requirements
English	40 Credits English 9, 10, 11 English Composition /12
Speech	5 Credits
Mathematics	30* Credits Algebra I, II, Geometry
Social Studies/History	40 Credits Geography, World History American History American Government Economics
Science	30* Credits Physical Science, Biology
Health/Physical Education	10 Credits Health and Physical Education
Visual and Performing Arts	10 Credits
Foreign Language	10 Credits
Electives – minimum	80 Credits
Total	265 Credits

*An additional 10 credits must be earned in the areas of math and/or science with the science courses to include chemistry or general science. These additional courses must be approved by the administration prior to the student enrolling in the respective classes. Courses of study will be reviewed by the board annually.

Graduations requirements for special education students will be in accordance with the prescribed course of study as described in their Individualized Education Program (IEP). Prior to the special education student's graduation, the IEP team shall determine whether the graduation criteria have been met. IEP requirements shall follow one of the following 3 options:

1. Complete standard course of study meeting all graduation requirements and IEP/Transition goals
2. Completion of a standard or modified course of study but not IEP/Transition goals. Student receives regular diploma upon completion of IEP/Transition goal or end of school year when student turns 21.
3. Student completes IEP/Transition goals but not standard course of study. Receives regular diploma upon completion of IEP/Transition goal if disability prevents student from completing standard course of study OR completion of stand course of study.

611 Academic Achievement

The professional staff at Plainview Public Schools will place students at the level and in the courses best suited to them academically, socially and emotionally.

Students will typically progress annually progress annually from grade to grade. A student may be retained at a grade level or be required to repeat a course or program when such is determined in the judgment of the professional staff to be appropriate for the educational interests of the student and the educational program.

Although attendance will not be the sole determinant as to whether or not a student will be promoted to the next grade, it will play an important role. Considered along with attendance will be the student's progress and achievement in class. A student's prompt and conscientious completion of make-up work will also be important in looking at a student's record. Students who do not perform to their capabilities may be retained. The following rules will be utilized:

1. Students failing a solid subject. (This includes Social Studies, English-Literature, Science and Mathematics.) This letter will indicate possible retaking of that course.
2. At this time, the counselor will sit down with the student to inform him/her of what is taking place.
3. Student progress will be checked at the end of the third quarter and five weeks before school is concluded.

4. A committee made up of the teacher, counselor, and Principal will review the student's grades, attendance, achievement scores, discipline records, and teacher recommendations.

Following the staffing, a final decision will be made by the Principal to the student's parents regarding the student passing the course or the requirement to retake the course. Should retaking the course be required, the Guidance Counselor or Principal will notify the student's parents.

Section 7 Graduation/Commencement Exercises/Honors

All seniors receiving a diploma must have completed all requirements as established by the School Board in order to be allowed to participate in graduation/commencement exercises.

The following recognition will be made during graduation exercises;

The Valedictorian shall be the graduating senior having the highest scholastic GPA ranking. The Salutatorian shall be the senior having the second highest scholastic GPA ranking.

Section 8 Registration and Scheduling

In order to provide sufficient supplies and determine teacher assignments, students will register in the spring for the coming year. Both students and parents should give careful consideration of the selection of classes. In making your choice keep in mind four things:

1. Fulfillment of graduation requirements
2. A high school program as broad and beneficial as possible
3. Vocational plans for the future
4. College entrance requirements

All students are required to register for at least 8 class periods each day, unless otherwise directed by the Principal.

Students should always make sure required courses have been completed.

Double check with your counselor, should you have any questions.

Section 9 Schedule Changes

Students needing schedule changes should notify the Principal. Schedule changes must be initiated by the teachers involved, the Principal or Guidance Counselor, and students' parents.

Students schedules are final on the first day of each semester. No schedule changes will be made after the commencement of the semester unless circumstances warrant. All requests for drops must state a reason for the drop and parent, instructor, counselor and Principal signatures. After this time, any student who is dropped or removed from a class will receive a grade of "F" for the class unless otherwise directed by the Principal. The Principal will make the final approval of all schedule changes.

Section 10 Interim Reports

Various supplemental reports may be sent to parents throughout the school year concerning student's performance. These reports may describe student work of an exceptional nature (Progress Report) or work which needs improving (Deficiency Report). These reports will be sent as the teacher determines.

Included in the academic improvement report will be a request from the teacher for parents to contact the teacher by phone to discuss the student's academic progress. Teachers will arrange with the parents for days when the student can meet with the teacher outside the regular class period until the student returns to satisfactory academic standing.

Section 11 Report Cards

Report cards are issued at the end of each nine-week session in elementary and the end of each semester for grades 7-12. No mid-term reports will be sent unless parents specifically make a request in writing to the office. Numeric grades are used to designate a student's progress. Incompletes shall be designated by an "INC". Students who receive incomplete grades in a class for a semester will meet with the teacher to establish what work must be completed to receive credit in the class. Also, the teacher and student will decide on the deadline for completion of this work. (Maximum of 10 days for first semester work and two weeks after school for the second semester credits.) These arrangements are to be put in writing and given to the student, parent, teacher, counselor and Principal. All work is to be completed by the deadline or the student receives a failure and no credits for the semester.

Section 12 Parent-Teacher Conferences

Refer to the school calendar for the schedule. Conferences with teachers, at any other time, are possible by calling the school office and making arrangements with one or more teachers as needed.

Section 13 Honor Roll

Honor Roll is divided into two categories, the High Honor Roll and a Regular Honor Roll. To earn High Honor Roll status students must have a composite average for the term of at least a 93. In addition, no grade earned may be below an 88. Regular Honor Roll students must have an average for the quarter of at least 85 with no work being below an 80.

Section 14 Honor Scholar Program

Students wishing more recognition than that offered by the Honor Roll may apply for Honor Scholar consideration at the beginning of the academic year. Students desiring to participate in the Honor Scholar program must be enrolled in a least four (4) core courses (Math, Science, Social Studies, English, Foreign Language) during the course of the school year. **Students must take Lit 1, Lit 2, Algebra I, Geometry and Algebra II as part of the core classes. DL/dual credit classes count towards the four core classes.** Students must carry a minimum of a 93% average in each of the core courses in which they are enrolled.

Section 15 National Honor Society

The National Honor Society chapter or (*Plainview Public Schools*) is a duly chartered and affiliated chapter of this prestigious national organization.

Admission to the National Honor Society

Membership is open to those students who meet the required standards in four areas of evaluation: scholarship, leadership, service, and character. Standards for selection are established by the national office of NHS and have been revised to meet our local chapter needs. Students are selected to be members by five-member rotating Faculty Council, appointed by the Principal, which bestows this honor upon qualified students on behalf of the faculty of our school each fall. Formal induction ceremonies will be held in the fall.

Students in the 11th or 12th grades are eligible for membership:

1. The candidate must be in attendance at Plainview Public Schools the equivalent of one semester. (The Faculty Council may waive the semester regulation)
2. For the scholarship criterion, a student must have cumulative grade point average of 90%.
3. Those students who meet this criterion are invited to complete a Student Activity Information Resume. The resume may be only one-page in length and only one column, that provides the Faculty Council with information regarding the candidate's leadership and service. A history of leadership experiences and participation in school or community service is required.
4. To evaluate a candidate's character, the faculty council uses two forms of input: first, school disciplinary records are reviewed; second, members of faculty are solicited for input regarding their professional reflections on a candidate's service activities, character, professional reflections on a candidate's service activities, character, and leadership using a ballot sheet. These forms and the Student Activity Information Resumes are carefully reviewed by the Faculty Council to determine membership. A majority vote of the council is necessary for selection. Candidates are notified regarding selection or non-selection according to a predetermined schedule.

Once notified in the fall of their selection, new members are required to maintain the same level of performance in all four criteria (or better) that led to their selection. This obligation includes regular attendance at chapter meetings held during the school year, and participation in the chapter service projects(s). Following notification, a formal induction ceremony is held at the school to recognize all the newly selected members.

Students or parents who have questions regarding the selection process or membership obligations can contact the chapter adviser.

Removal from National Honor Society

A student may be removed from the NHS by action of the Faculty Council upon a determination by the Faculty Council that the student:

1. Prior Conduct. Engaged in conduct prior to induction, which was not known at the time of induction and which, if known, would have caused denial of induction;
2. Post-Induction Conduct. Engaged in conduct after induction which is grounds for a student to be long-term suspended or expelled from school under the student code of conduct contained in this handbook ; which is grounds for suspension or removal from any extracurricular activity of the school, or which would cause denial of induction if such conduct had taken place prior to the time of induction. Violation of school activity policy is grounds for immediate removal from National Honor Society.
3. Excessive Absenteeism. A student who is a member of NHS may be removed from the organization if they accumulate excessive absences.

The students may appeal the Faculty Council's decision to the Principal by giving written notice of appeal to the Principal within ten calendar days of receipt of the Faculty Council's removal decision. The appeal procedures shall be established in the discretion of the Superintendent such as to allow a fair opportunity for the student's views and information to be considered. The student may appeal the Principal's decision to the Superintendent by giving written notice of appeal to the Superintendent within ten calendar days of receipt of the Principal's decision regarding the appeal. The decision of the Superintendent on the appeal shall be final.

Section 16 Semester Test Exemption Policies

The policies and procedures contained in the handbook are the result of a concerted effort on the part of the faculty, administration, student body and school board. This information has been prepared and presented so that it will be of great value in helping you adjust to school.

The ultimate purpose of education is to help each student become an effective citizen in a democratic society. Developing and accepting the responsibilities and obligations of good citizenship will help us to participate in our various activities and thus find those things within our school, which will prepare you to live a better life and is directly proportional to your efforts. You get out of anything an equal amount to what you put in.

Attendance

One factor that has been associated with success in school has been regular and prompt attendance. Students are expected to be in school, unless excused by the attendance officer for that building. The building principal serves as the attendance officer for the building to which they are assigned.

Students are allowed **six** *excused* absences per class. The school principal determines whether or not an absence is excused. Excused absences include, but are not limited to, illness, funerals, weddings (immediate family), working at home (not for hire), medical appointments, driver's license, court appearance, attending state school activities in which you are not participant (you are on the speech

team but did not qualify for state and you want to go watch) and other absences ***approved by the school principal.***

Absences not excused include, but are not limited to, senior pictures, hairdressing appointments, shopping trips, working for an employer while school is in session (non-parent employer), sleeping in , hunting and fishing trips not associated with a family vacation. **RULE TO FOLLOW: *if in doubt ask the principal in advance.***

Semester Testing

The exemption from taking semester tests is based upon a student's performance in academics, attendance, and behavior. The following scales will be used to determine an exemption:

ATTENDANCE

No absences	5 points
One absence	4 points
Two absences	3 points
Three absences	2 points
Four absences	1 point
5 + absences	0 points

Exempt from the absence count would be any **medically** verified illness extending past three days or any ongoing condition last more than 3 days (orthodontist, PT for same condition, etc.). Only the first two days of this illness or injury would count in the absence total. Seniors are allowed two post-secondary, military or career type days each year. Juniors are allowed one post-secondary, military or career type day the entire school year. These days are exempt from the testing absence count.

Absences would be tallied one week prior to the testing date. Additional absences after that date would still count and be added as the absences occur.

An absence from class is determined by missing over half of any class. Every third tardy to a class is counted as an absence. Any unexcused absence would automatically require the student to test in that period. Students tardy to school will be required to serve a detention that day. Verified medical appointments are exempt from this policy. All other tardies require a detention.

Academic Performance

95+ 5 points

92+ 4 points

88+ 3 points

85+ 2 points

80+ 1 point

Grade averages will be obtained one week prior to the testing date. Grade average changes will all be considered after this date—provided the information is relayed to the office.

Behavior (based on detentions)

0 detentions 5 points

1 detention 3 points

2 detentions 1 point

Over two detentions 0 points

Suspensions in or out of school are recorded as an absence and require automatic semester testing from each class missed.

A total of 11 points per class is needed to be exempt from testing in that period. Semester tests will count 15% of the student's grade in that class.

Article 6 – Support Services

Section 1 Special Education Identification And Placement Procedures:

What Does Special Education Mean?

Special education means educational experiences, curriculum and services, including transportation, through the use of staff, facilities, equipment and including transportation, through the use of staff, facilities, equipment and classrooms which have been adapted to provide special instruction for students with disabilities. In addition, special education provides the support services necessary for evaluation, placement and instruction for students with disabilities. These services are free to parents, unless they elect to place their child in a program other than one approved by the school district.

How are Students With Disabilities Identified?

The first step is for parents to provide written permission to have their child evaluated. The request for permission will include a description of the action to be taken and a description of each evaluation procedure. Written statements showing the result of the evaluation and the reasons for placement in a special education program must be kept on file. Within 30 days after a student has been verified as having a disability, a conference will be held with parents. Advance notice will be given. At the conference, an Individualized Education Program (IEP) will be developed.

Students Who May Benefit

A student verified as having autism, behavior disorder, hearing impairment, mental handicap, orthopedic impairment, other health impairment, specific learning disability, speech language impairment, traumatic brain injury, or visual handicap may be placed in regular education with support services or may benefit from a special education classroom or service.

Independent Evaluation

If a parent disagrees with an evaluation completed by the school district, the parent has a right to request an independent educational evaluation at public expense. Parents should direct inquiries to school officials to determine if the school district will arrange for further evaluation at public expense. If school district officials feel the original evaluation was appropriate and the parents disagree, a due process hearing may be initiated. If it is determined that the original evaluation was appropriate, parents still have the right to an independent educational evaluation at their own expense.

Reevaluation

Students identified for special education will be reevaluated at least every three years by the IEP team. The IEP team will review existing evaluation data on the student and will identify what additional data, if any, are needed. The school district shall obtain parental consent prior to conducting any reevaluation of a student with a disability.

Individual Educational Program (IEP)

Each student with a disability must have a written IEP prepared by the staff in cooperation with parents specifying programs and services which will be provided by the schools. If necessary, the district will arrange for interpreters or other assistants to help parents in preparing and understanding the IEP. Once in place, the program is reviewed on a regular basis with the parent.

An IEP is developed in a conference setting. Parents will be notified of the persons who will be in attendance. The IEP conference shall include at least the following:

1. A representative of the school district;
2. An individual who can interpret the instructional implications of evaluation results;
3. One or both parents;
4. The child (when appropriate);
5. At least one regular education teacher if the child is; or may be participating in the regular education environment;
6. At least one special education teacher;
7. A representative of the nonpublic school if the child is attending a nonpublic school;
8. A representative of a service agency if the child is receiving services from an approved service agency; and
9. Other individuals, at the discretion of the parent or school district. It is permissible for parents to bring other persons to the IEP meeting, but it is a good idea to inform the school before the scheduled meeting. The school district will provide parents with a copy of the IEP.

Special Education Placement

The student's placement in a special education program is dependent on the student's educational needs as outlined in the Individualized Education Program (IEP). The school district must assure that students with disabilities are educated with students who do not have disabilities, to the maximum extent possible. Students are entitled to have supplementary aids and services to help them in a regular educational setting. Students with disabilities may be placed in special classes, separate schools or other situations outside the regular educational environment when the nature of the child's needs require specialized educational techniques which are not available in current settings. Determination of a student's educational placement will be made by a team of persons who knows the student and who understands the tests and procedures that assess the student's learning abilities. Team members know the available programs and services which might help the student. Parents are asked for written consent to determine whether or not they approve the educational placement recommended for their child. If the parent does not speak English or is hearing impaired, an interpreter may be requested. Written notice shall be given to parents a reasonable time before the school district: 1. Purposes to initiate or change the identification, evaluation, verification, or educational placement of a child or the provision of a free appropriate public education; or 2. Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to the child.

Alternative Programs

Parents have a right to know about available private and public programs, other than those offered by the schools. The school district staff will provide information about those programs on request. If parents place the student in one of those programs, however, the school district is not required to pay for the student's education.

Transportation of Students Receiving Special Education

The district special education staff will make arrangements for transportation for eligible students to the extent such is required by the student's IEP. Students assigned to special education programs requiring attendance at schools outside their regular attendance area will be transported. Special conditions may warrant that special education students receive transportation to their assigned schools. If parents are dissatisfied with a transportation decision, they may contact the Superintendent for a review.

Access to Student Records

Parents have the right to inspect and review any education records relating to their child which are collected, maintained or used by the school district in providing educational services.

Nonpublic School Students

Students in state-approved nonpublic schools may participate in special education programs in the same manner as public school students.

Parental Review of Programs

Parents who want to review their child's placement for any reason should request an IEP team meeting. If parents are not satisfied with the results of the conference, they may appeal to the Nebraska Department of Education for a formal hearing to be conducted by a state hearing officer. Parents dissatisfied by the findings and decisions made in a state level hearing have the right to bring civil action.

Plans and Budget

With the exception of personally identifiable student records, district special education plans and budgets are available for public inspection.

This is a summary of the Plainview Public Schools district plan for special education students. Anyone interested in obtaining a copy of the complete district policy or a copy of the Nebraska Department of Education Rule 51 (complaint procedures) or Rule 55 (appeal procedures) may contact the Superintendent at the Plainview Schools District Offices.

2. Educational and occupational planning
3. Pupil appraisal
4. College and job placement
5. Parent and staff conferences

7. Follow-up and local research
8. Student registration and scheduling

The counseling department is organized for the purpose of helping each student adjust to present environments, to enjoy all educational opportunities that meet their interests and learning capacities, and to aid in becoming increasingly and wisely self-directed individuals.

The Guidance Counselor, with the cooperation of all other faculty members, carries on the work of this department. Any student may use the services provided by the counselor for aid or advice on whatever problem occurs or any faculty member may refer a student to this department for necessary aid and advice.

If a student is seeking the help from a school counselor, arrangements should be made with the teacher to make an appointment with the counselor for a conference. Conferences may also be scheduled before school and after school.

Section 2.1 Scholarships

Seniors are eligible for scholarships, which are offered by colleges, universities, trade and technical schools, and many local organizations. For more information about scholarships, such as eligibility requirements and application blanks, see your counselor as soon as possible.

Section 2.2 Students Records

In 1974, the Congress passed the Family Educational Rights and Privacy Act. This law gives you, if you are "an eligible student" or your parent or guardian if you are not, certain rights regarding your education records. An eligible student is one who has reached the age of 18 or is attending any school after graduation from high school. The law requires that schools receiving Federal Funds must:

1. Allow the parents or eligible student to review and inspect the student's record. This rule does not apply to records made and kept by one person, such as psychologist or social worker, which are not shared with anyone but a substitute for that person.
2. Give the parent or eligible student the chance to challenge the records in a hearing to make sure that they are not misleading or inaccurate.

3. Obtain written permission from the parent or eligible student before revealing the records to other persons.
4. Notify parents or eligible students of their right under this law.

Plainview Public Schools does not release any student information without the prior consent of the student and/or their parents. Likewise, student lists are not released to any persons or groups unless those listed are used for honor rolls, sports, or play programs. These lists are then released to the public. Should any parent or eligible student wish to have his name deleted from these types of lists, they should contact the Principal's office.

Section 2.3 Testing

Included in the testing program at Plainview Public Schools are measures of mental ability, interest, and achievement. The value of these tests is the objective information they provide in regard to student progress and in identifying student strengths and weaknesses. These test results are summarized and may be interpreted to student and parents in order that a realistic and effective program of courses and activities may be arranged to meet student needs.

Since these tests are very important in planning an academic program for each student, along with identifying individual ability and achievement, students grade 2-11 will be required to complete those tests administered by the Plainview Public Schools. Students missing school on the days tests are administered may be required to schedule extra time before or after school to complete these. Students should make every effort possible to attend school on those days tests are administrated.

Grade K-11 take the NWEA MAPS Testing

Grade 10 students take the PLAN, which is preview of the ACT.

Grade 11 students take the (ASVAB) Armed Service Vocational Aptitude Battery.

Those eleventh grade students planning to attend college are encouraged to take the PSAT/NMSQT in the fall and the ACT (College Entrance Exam) in the spring. Grade 11 and 12 students are encouraged to take the ACT as needed for college entrance.

All students 7-12 have access to the Nebraska Career Information System (NCIS), e-choices, cx-online, programs designed to inform about career choices. Interest inventories and career assessment test are given during career education units or upon request of a student.

Important testing dates will be made available through the school newsletter, student bulletins and the Guidance Office bulletin board, newsletter, and the Plainview Public School webpage.

Test scores are attached to each student's transcript. Our ACT code number is **281915**.

Section 2.4 Transcript

The transcript of a student's credits will be sent, on request and authorization, to colleges, technical schools, or any authorized institution through the counselor's office.

Section 2.5 Checkout/Transferring

Any student leaving school permanently must obtain a checkout sheet from the Principal's office. This sheet will be signed by each teacher involved when all books and material have been returned. It will also indicate that the student's locker has been cleaned and checked, and it will show that all fines and assessments have been paid. This sheet will be returned to the Principal's office upon completion of checking out.

When transferring to another school, parents or guardian are to inform the school in writing of such intentions. This should be done a day or two before you wish to leave so that proper check out procedures can be followed. Requests for transcripts by the new school will be honored when a parental permission slip has been signed and the student has completed all check out procedures.

Section 2.6 Visiting Post-Secondary School

Students who wish to make campus visits are required to make arrangements through the counseling office.

The following procedure should be used for campus visits:

1. See the counselor to arrange an appointment to the school to be visited.
2. Fill out and return a "College Visitation" form to the counselor.
3. Transportation for college visits will be the responsibility of the parent/guardian and the student.
4. Those college visits that are not arranged through the counselor will be counted as days absent.
5. Seniors are allotted two days and juniors are allotted one day for college visits.

Section 3 Health Services:

Section 3.1 Student Illnesses

School health personnel will notify parents when a student needs to be sent home from school due to illness. Conditions requiring a student be sent home include: Temperature greater than 100°F., vomiting, diarrhea, unexplained rashes, live head lice, or on determination by school personnel that the child's condition prevents meaningful participation in the educational program, presents a health risk to the child or others, or that medical consultation is warranted unless the condition resolves. Please include emergency daytime phone numbers on your child's emergency medical information so that you can be reached if your child becomes ill or injured while at school. Please also inform your school health office staff of health related information you feel is important for your student's success in the classroom and/or safety at school.

Section 3.2 Guidelines for Administering Medication

Whenever possible your child should be provided medications by you outside of school hours. If it becomes necessary that the child take or have medication available at school, it must be stored in the school office, and the following requirements must be met before school personnel will be allowed to administer the medication:

1. A written medication permit form will be provided by the office and must be filled out and signed by the parents or guardian.
2. Prescription medication must be in a properly labeled container dispensed by a pharmacy, and must state the student's name, name and dosage of medication, and administration instructions.
3. Over the counter medications must be in the original container and should have the student's name clearly marked on the bottle.

***The school will not provide aspirin, ibuprofen, Tylenol, cough drops, etc. for students. All medications must come from home.

If your child is taking medications at home, please notify the Principal's office and note any possible side effects, so that school personnel can be alerted to watch for problems.

Section 3.3 School Health Screening

All students are screened for vision, hearing, dental defects, height and weight. The screening program also incorporates scoliosis and blood pressure. Parents are notified of any health concerns as they are identified. Parents who do not wish their child to participate in the school screening program must communicate this in writing to the school office at the start of the school year. Because Nebraska statutes require school-age screening, parents who remove their child from the screening program must submit findings from an alternate medical provider to the school by December 1.

Section 3.4 Physical Examination

Evidence of a physical examination by a qualified physician is required within six months prior to the entrance of the child into any Early Childhood Special Education classes, kindergarten and the seventh grade, or in the case of transfer from out of state to any other grade. A vision evaluation is required for those students entering kindergarten and out of state transfers. A parent or guardian who objects may submit a written statement of refusal for his or her child. The statement will be kept in the student's file. Waiver forms are available in the school office.

Sports physicals are **mandatory** for any student to participate in the sport of his/her choice. Physical forms may be obtained from the Principal's office.

Section 3.5 Immunizations

Any 2-5 year-olds enrolled in a school-based program not licensed as a child care provider (i.e., Head Start and Early Childhood Special Education) will be required to present evidence of:

- 4 doses of DTaP, DTP, or DT vaccine
- 3 doses of Polio vaccine
- 1 dose of MMR vaccine given at or after 12 months
- 3 doses of Hepatitis B vaccine
- 3 doses of HiB vaccine or 1 dose of HiB vaccine given at or after 15 months of age.
- 4 doses of pneumococcal or 1 dose of pneumococcal given on or after 15 months of age.
*Pneumococcal not required after child reaches 5 years of age.
- 1 dose of varicella (chickenpox) given on or after 12 months of age. Written documentation (including year) of varicella disease from parent, guardian, or health care provider will be accepted. If the child has had varicella disease, they do not need any varicella shots.

Students entering school for the first time, students entering seventh grade and all out-of-state transfer students regardless of grade must show evidence of the following:

- 3 doses of DTaP, DTP, DT, or Td vaccine, one given on or after the 4th birthday. Additionally, for 7th grade only, 1 dose of Tdap
- 3 doses of Polio vaccine,
- 2 doses of MMR vaccine, given on or after 12 months of age and separated by at least one month,
- 3 doses of pediatric Hepatitis B vaccine or 2 doses of adolescent vaccine if student is 11-15 years of age.
- 2 doses of varicella (chickenpox) given on or after 12 months of age. Written documentation (including year) of varicella disease from parent, guardian, or health care provider will be accepted. If the child has had varicella disease, they do not need any varicella shots.

Students must show proof of immunization upon enrollment in Plainview Public Schools. Any student who does not comply with the immunization requirements will not be permitted to continue in school. Students with medical conditions or sincerely held religious beliefs which do not allow immunizations may complete a waiver statement which is available in school health offices. Students with a signed waiver statement may be excluded from school in the event of a disease outbreak.

Section 3.6 Birth Certificate Requirements

State law requires that a certified copy of a student's birth certificate be used when enrolling a new student in school. If your child is registering with Plainview Public Schools for the first time, you may obtain this document from the Bureau of Vital Statistics in the state in which your child was born. Assistance in obtaining birth certificates may be obtained from Health Records Management, P.O. Box 95065, Lincoln, NE 68509-5065. There is a fee per certificate.

Please note: The document parents receive from the hospital looks like a birth certificate, but it is not a certified copy. A certified copy has the raised seal of the state of Nebraska on it and is signed by the director of vital statistics.

If a birth certificate is unavailable, other reliable proof of a student's identity may be used. These documents could include naturalization or immigration documents showing date of birth or official hospital birth or official birth records, a passport, or a translation of a birth certificate from another country. The documents must be accompanied by an affidavit explaining the inability to produce a copy of the birth certificate.

Section 3.7 Guidelines for Head Lice

The following guidelines are in place to: better control a nuisance condition; reduce absenteeism due to head lice; and involve parents as partners with the school in control efforts:

1. Children will be sent home from school for live head lice. In the event the child has TWO cases of live lice in a semester, he or she will be sent home until free of both live lice and nits (eggs).
2. Office staff will provide written treatment information and instructions, including how to check and identify head lice*.
3. A child who is sent home from school for head lice should miss no more than two school days.
4. A child who has been sent from school due to head lice must come to the office for inspection before returning to class.
5. A child who returns to class with nits (eggs) will be checked again in 7-10 days.
6. Families are encouraged to report head lice to the school office.
7. Individual buildings will perform classroom-wide or school-wide head checks as needed in order to control the condition at school.

*Nit removal will be emphasized for effective management of the condition. For more information call the school office.

Section 3.8 Contagious or Infectious Diseases

Students showing any signs or symptoms of a contagious or infectious disease are required by law to be sent home immediately or as soon as safe and proper conveyance can be found (NDE Rule 55)

Section 3.9 Asthma/Anaphylaxis Protocol

1. The Plainview Elementary Attendance Center, Plainview High School Attendance Center, will have both adult and pediatric emergency Epi-Pens available. The School Nurse will be responsible for ordering and replacing the Epi-Pens and albuterol. The medications will be kept current and disposed of in accordance with the recommended shelf life.
2. District emergency Epi-Pens and nebulized albuterol will be administered for emergency use only. Students who need nebulized albuterol on a regular schedule and those who have been prescribed epinephrine must bring prescription in accordance with the Plainview Public Schools

Dispensing Medications Policy. Emergency Epi-Pens and nebulizers should not be used under any circumstances other than emergency use.

3. District emergency Epi-Pens and nebulizers will not be used on field trips or other activities away from the school. District emergency medications are to be maintained at school during regular school hours so that the largest population of students may be served.

Article 7 – Drugs, Alcohol and Tobacco

Drug-Free Schools

Plainview Public School implements regulations and practices which will ensure compliance with the Federal Drug-Free Schools and Communities Act and all regulations and rules promulgated pursuant thereto. The District's safe and drug-free schools program is established in accordance with principles of effectiveness as required by law to respond to such harmful effects.

Education and Prevention

This District promotes comprehensive, age appropriate, developmentally based drug and alcohol education and prevention programs, which will include in the curriculum the teaching of both proper and incorrect use of drugs and alcohol for all students in all grades of this School District. Further, this District will have proper in-service orientation and training for all employed staff.

Drug and Alcohol Use and Prevention

By this handbook, each student of the District is hereby provided a copy of the standards of conduct for student behavior in the District which prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol on school premises or as a part of any of the school's activities.

Drug and Alcohol Education and Prevention Program of the District Pursuant to The Safe and Drug-Free Schools and Communities Laws and Regulations.

All students are provided age appropriate, developmentally based drug and alcohol education and prevention program for all students of the schools. It shall be the policy of the District to require instruction at such grade level concerning the adverse effects resulting from the use of illicit drugs and alcohol. Such instruction shall be designed by affected classroom teachers or as otherwise directed by the Board to be appropriate to the age of the student exposed to such instruction. One of the primary objectives shall be the prevention of illicit drug and alcohol use by students. It shall further be the policy of the District to encourage the use of outside resource personnel such as law enforcement officers, medical personnel, and experts on the subject of drug and alcohol abuse, so that its economic, social, educational, and physiological consequences may be made known to the students of the District.

It shall further be the policy of the District, through the instruction earlier herein referred to, as well as by information and consistent enforcement of the Board's policy pertaining to student conduct as it relates to the use of illicit drugs and the unlawful possession and use of alcohol, that drug and alcohol abuse is wrong and is harmful both to the student and the District, and its educational programs.

Drug and Alcohol Counseling, Rehabilitation and Re-entry Programs

All students shall be provided information concerning available drug and alcohol counseling, rehabilitation, and re-entry programs within sixty miles of the administrative offices of the District or, where no such services are found, within the State of Nebraska. Information concerning such resources shall be presented to all of the students of the District upon request by the Guidance Counselor.

In the event of disciplinary proceedings against any student for any District policy pertaining to the prohibition against the unlawful possession, use, or distribution of illicit drugs and alcohol, appropriate school personnel shall confer with any such student and his or her parents or guardian concerning available drug and alcohol counseling, rehabilitation, and re-entry programs that appropriate school personnel shall consider to be of benefit to any such student and his or her parent or parents or guardian.

Standards of Student Conduct Pertaining to the Unlawful Possession, Use, or Distribution of Illicit Drugs or Alcohol on School Premises or as a Part of Any of the School's Activities

(In addition to standards of student conduct elsewhere adopted by board policy or administrative regulation to absolutely prohibit the unlawful possession, use, or distribution of illicit drugs or alcohol on school premises or as a part of any of the school's activities.) This shall include such unlawful possession, use, or distribution of illicit drugs and alcohol by any student of the District during regular school hours or after school hours at school sponsored activities on school premises, at school sponsored activities off school premises.

5. Distribution of any illicit drug.
6. Use of any drug in an unlawful fashion.
7. Distribution of any drug or controlled substance when such distribution is unlawful.
8. The possession, use, or distribution of alcohol.

It shall further be the policy of the district that violation of any of the above prohibited acts will result in disciplinary sanction being taken within the bounds of applicable law, up to and including detentions, school service hours, short term suspension, long term suspension, expulsion, and referral to appropriate authorities for criminal prosecution.

Drugs and Alcohol Prohibited-Standards of Conduct for Students and Employed Staff

The manufacture, possession, selling, dispensing, use or being under the influence of alcohol or any alcoholic beverage or alcoholic liquor on school grounds, or during an educational function, or event off school grounds, or off school grounds if there is a substantial interference with school purposes, is prohibited.

The possession, selling, dispensing or use of any look-alike drug or look-alike controlled substance, such as e-cigarettes, when such activity constitutes a substantial interference with school purposes on school grounds or during an educational function, or event off school grounds, is prohibited.

Any prescription or non-prescription drug, medicine, vitamin or other chemical may not be taken unless authorized as stated in the next section on AUTHORIZED USE.

Authorized Use

Any student whose parent or guardian requests that he or she be given any prescription or non-prescription medicine, drug, or vitamin shall provide signed permission by parent or physician.

1. Violation of this policy may result in detentions, school service hours, suspension or expulsion. Prohibited substances will be confiscated and could be turned over to law enforcement authorities. The student may be referred for counseling or treatment. Parents or legal guardian will be notified.
2. If the student is observed to be violating this policy, the student will be escorted to the Principal/Superintendent's office immediately, or if not feasible, the Principal/Superintendent will be notified. The student's parents or legal guardian will be requested to pick up the student. If it appears there is imminent danger to other schools, school personnel, or students involved, the Principal/Superintendent, or such other

3. Parents and students shall be given a copy of the standards of conduct and disciplinary sanctions required and shall be notified that compliance with the standards of conduct is mandatory.

Intervention

The Plainview Public School District does not have the authority or responsibility to make medical or health determinations regarding chemical dependency. However, when observed behavior indicates that a problem exists which may affect the student's ability to learn or function in the educational climate or activity, the school then has the right and responsibility to refer the student for a formal chemical dependency diagnosis based on behavior observed by school staff. The school will issue a statement to all students and employed staff that the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful. The school shall make available to students and employed staff information about any drug and alcohol counseling, and rehabilitation and reentry programs, which are available to students.

Administration

The administration is authorized to adopt such administrative rules, regulations or practices necessary to properly implement this policy. Such regulations, rules or practices may vary the procedures set forth herein to the extent necessary to fit the circumstances of an individual situation. Such rules, regulations and practices may include administrative forms, such as checklist to be used by staff to record observed behavior and to determine the proper plan of action.

Safe and Drug-Free Schools—Parental Notice

NOTICE TO PARENTS: Pursuant to the provisions of the No Child Left Behind Act, if upon receipt of information regarding the content of safe and drug free school programs and activities other than classroom instruction a parent objects to the participation of their child in such programs and activities, the parent may notify the School District of such objection in writing. Upon the receipt of such notice the student will be withdrawn from the program or activity to which parental objection has been made.

Article 8 – Student Rights, Conduct, Rules and Regulations

Section 1 Student Conduct and Discipline Policies

The common goal of students, parents, faculty and administration of Plainview Public Schools is to maintain a school atmosphere, which is conducive to learning. In order to achieve this, Plainview Public Schools will continue to review and distribute a set of reasonable and fair rules and policies.

VIOLATIONS OF THE PLAINVIEW PUBLIC SCHOOL'S RULES AND POLICIES WILL RESULT IN DISCIPLINARY ACTION.

Generally, student cooperation and conduct determine the number and nature of school rules, policies, and procedures. The school personnel make only those policies that are necessary for productive learning environment. No more is demanded of a pupil than they conduct themselves in a respectable and cooperative manner, be considerate of other's rights, and make the best use of the educational opportunities available to them.

The following rules and regulations are designed to establish order and to protect all members of the educational community in the exercise of their rights and responsibilities on school grounds or during an educational event or function off the school grounds. These statements are outlined for uniform understanding of the practices and procedures used in Plainview Public Schools. Setting and enforcing rules for appropriate student conduct shall be the responsibility of the Superintendent. He/she may delegate such authority to the Principal, faculty and as appropriate, other school employees, but shall ensure that rules and enforcement measures are reasonable.

In addition to disciplinary procedures prescribed by the Student discipline Act, certain disciplinary procedures may be permitted under the common law of the State of Nebraska. This means that certain behavior, whether they occur on school property or off, whether at a school function or not, may have a "school nexus." Under such circumstances and if authorized by the common law, the District reserves the right to undertake disciplinary proceeding against a student under such circumstances.

Students are subject to discipline by any school personnel at all times including all activities involving the school.

Administrative actions shall mean administrative or teacher actions reasonably necessary to aid the student, further school purposes, or prevent interference with the education process. Such actions may include but are not limited to:

1. Counseling students and conferring with parents as appropriate.
2. Detention before or after school or during recess periods.
3. Requirements to revise assignments or prepare additional assignments.
4. Restriction of co-curricular activities.
5. School service hours. (School service hours will be served before school, after school or on Saturday.)
6. Isolation and in-school suspension. In-school suspension does not involve the loss of education benefits since the student is assigned to a location within the school and provided with academic activities. Therefore the procedures described below do not apply to in-school suspension.
7. Recommendation for professional counseling.

Section 2 Forms of School Discipline

Detention Policy

Students who are given a detention must serve the time either on the day of the infraction or on the following school day. The teacher determines which day at the time the detention is given.

A detention obligation takes precedence over all other student activities (meeting, practices, teacher appointments, pep rallies, etc.)

Students must report to the detention immediately after school and remain there until dismissed.

Detention time will generally be from 7:30 a.m. to 8:00 a.m. and 3:40 p.m. to 4:10 p.m.

Students not there by 7:30 a.m. or 3:40 p.m. may be considered absent from detention and additional detentions will be assigned.

Students will not be allowed to sleep, engage in disruptive behavior, leave the detention room for any reason, or converse with other in the room.

Students are to sit in their assigned seats.

Students must bring schoolwork to detention and must be working on school assignments or detention assignments. No other material will be allowed. If students do not have enough to work on the detention supervisor will give assignments that will be due before leaving school.

Failure to comply with these rules will result in further detentions or suspensions.

In-School Suspension

The principal for serious or repeated policy violations may give students an in-school suspension. This means that on the days designated:

1. Students will not be allowed to attend classes, but are to remain in the room designated by the Principal from 8:10 a.m. to 3:40 p.m.
2. Assignments for the classes the students are missing will be brought to the suspension room.
3. Students must bring only class related materials to the suspension room and are to be working on school assignments or those arranged by the Principal.
4. The Principal will arrange lunch break.
5. Students must request to use the restroom through the Principal's Office.
6. Students are not to be in contact with other students during the school day.

If a student accumulates two (2) detentions due to failure to serve his/her detentions, on the 3rd detention received he/she may be issued the following discipline:

1st offense – one day in-school suspension.

2nd offense – one-day out-of-school suspension.

3rd offense – three-day out-of-school suspension.

4th offense – may request expulsion for the remainder of the semester.

If a student receive two (2) detentions from individual referrals due to misconduct, on the 3rd detention received he/she may be issued the following discipline:

1st offense – one-day in-school suspension

2nd offense – three-day out-of-school suspension

3rd offense – five-day out-of-school suspension

4th offense – may request expulsion for remainder of the semester.

School Service Hours

The student will be issued community service work for the school. This work can be complete before school, after school and/or on Saturdays.

Short-Term Suspension:

Students may be excluded by the Principal or his designee from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or,
2. Other violations of rules and standards of behavior adopted by the Plainview Public Schools Board of Education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

1. The principal or the Principal's designee shall make a reasonable investigation of the facts and circumstances. In addition, such short-term suspension will be made only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. Prior to commencement of short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what the student is accused of having done, an explanation of the evidence the authorities have, and be afforded an opportunity to explain the student's version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary following the suspension, the Principal or administrator will send a written statement to the student, and the

student's parent or guardian, describing the student's conduct, misconduct or violation of the rule of standard and the reasons for the action taken. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal or administrator ordering the short-term suspension before or at the time the student returns to school. The Principal or administrator shall determine whom in addition to the parent or guardian is to attend the conference.

Long-Term Suspension:

Students may be excluded by the Principal or the Principal's designee from school or any school function for a period of more than five school days but less than twenty school days on (long-term suspension) the conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is hereinafter set forth.

Expulsion:

1. Meaning of Expulsion. Expulsion shall mean exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
2. Summer Review. Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.
3. Suspension of Enforcement of an Expulsion: Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program and to such

- other consequences which the school district deems appropriate. In lieu of other authorized educational programs may be offered as a community-centered classroom and may include experiences for the student as an observer or aide in governmental functions, as an on-the-job trainee, and as a participant in specialized tutorial experiences or individually prescribed educational and counseling programs. Such programs shall include an individualized learning program to enable the student to continue academic work for credit toward graduation. At the conclusion of the designated period: (1) if the student has satisfactorily participated in the school, class, or program to which such student has been assigned the student shall be reinstated and permitted to return to the school of former attendance or to attend other programs offered by the district, and action to expunge the record of the expulsion action may be taken at the discretion of the Superintendent or his or her designee, or (2) if the student's conduct has been unsatisfactory, the expulsion action shall be enforced. The determination of whether the students' participation and conduct has been satisfactory or not shall be made by Principal or the Principal's designee.
4. Students Subject to Juvenile or Court Probation. Prior to the readmission to school of any student who is less than nineteen years of age and who is subject to the supervision of a juvenile probation officer or an adult probation officer pursuant to the order of the District Court, County Court, or Juvenile Court, who chooses to meet conditions of probation by attending school, and who has previously been expelled from school, the Principal or the Principal's designee shall meet with the student's probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school (including conduct on school grounds and conduct during an educational function or event off school grounds) as well as educational objectives provided by the Principal or the Principal's designee are agreed to by the probation officer and the student, and the court permits the student may be permitted to return to school. The student may with proper consent, upon such return, be evaluated by the school for possible disabilities and may be referred for evaluation for possible placement in a special education program. The student may be expelled or otherwise disciplined for subsequent conduct as provided in Board policy and state statute.

Other Forms of Student Discipline:

Administrative and teaching personnel may also take actions regarding student behavior, other than removal of students from school, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parents conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work (school service hours), restriction of co-curricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. 19. Harassment and Bullying Policy:

It is the policy of Plainview Public Schools that "bullying" type behavior is not to be permitted. These guidelines are established to respond specifically to bullying behavior. Students and parents are advised that other response measures are also in place and set forth in Article 10 of this handbook for behavior which is discriminatory or harassing on unlawful grounds (e.g., sexual harassment, harassment of students with disabilities, rare harassment, etc.).

- (i) Step One: The first time school personnel become aware of a possible harassment or bullying situation, the accused student will be informed that such a complaint has been filed. At that time a warning will be given regarding this kind of behavior. The consequences for this kind of behavior in the future will be clearly outlined for the student. If, in the school's opinion, the first occurrence of harassment behavior is severe, the school may move immediately to any of the four steps in the harassment policy. In other words, the policy may or not be used sequentially. Moreover, at any stage the student may be disciplined under the student code by actions which may include expulsion, in the event the conduct is also a violation of other provisions of the student code.
- (ii) Step Two: The second time school personnel become aware of a harassment incident, the student's parent will be notified. A conference will be requested at that time. If it is determined that the student has harassed another student, consequences will be assigned. A student may stay on the second step as long as school authorities feel the consequences will be assigned. A student may stay on the second step as long as school authorities feel the consequences are effectively correcting the harassment behaviors. If it is determined that there is no basis for the harassment accusation, no consequences will be assigned. If the school determines that a student is intentionally making a false accusation against another student, an appropriate response will be made.
- (iii) Step Three: If the school authorities determine that the student continues to harass another student or the student fails to agree to not harass in the future, the school may assign the student to the Harassment Program level set forth below which the school authorities determine to be appropriate.
- (iv) Step Four: If a student fails to respond positively to the corrective measures of the Harassment Program, the student will be suspended from school for a minimum of five school days, up to expulsion. School authorities will determine the action necessary to insure a safe learning environment for all students.

The Superintendent of schools shall review the findings and recommendations of the hearing officer and in his/her discretion may also review any of the facts and evidence presented at the hearing and based upon such report and the facts shall determine the sanctions to be imposed. Article 9-Co-Curricular Activities – Rights, Conduct, Rules and Regulations

Section 1 Advantage Program

The Advantage Program was designed to assist **all students** that may be experiencing academic difficulty. Any student, whether on the down list or not, may attend ninth hour to receive additional assistance and tutoring in subjects in which they may be having problems. Any student who is on the Down list will be required to attend Advantage class. Advantage class is a time from 3:45-4:45 p.m., when students can receive the necessary assistance to help them catch up. Failure to attend Advantage class may result in the student's grade remaining below 70% and could place the student in jeopardy of not passing the class. If a student stays later than 4:45 p.m., teacher and coach must be notified. Students that are involved in after-school activities may miss the first 45-60 minutes of practice. The

theory is that if they stay down academically for the ensuing two weeks, the chances of course failure increase dramatically. If this occurs the student may not be eligible to play for a much longer period of time. With the assistance they receive during Advantage class, students they receive during Advantage class, students are giving themselves a fighting chance to bring up their grades, thereby making them eligible to participate in activities. This is a proactive measure designed to increase a student's chance of academic success, not a punitive action designed to prevent student participation. Any skipped Advantage days will be made up accordingly.

Section 2 Co-Curricular programs

Co-curricular programs enrich the curriculum of the school by making available a wide variety of activities in which a student can participate. The Plainview Public Schools will adhere to the rules and regulations set forth in Title IX guidelines on sex discrimination as well as other pertinent rules and regulations.

Section 3 Activity Philosophy

Activities are considered an integral part of the school's program of education which provide experiences that will help boys and girls physically, mentally and emotionally. For the purpose of this policy activities shall be defined to mean all school sponsored activities athletic as well non-athletic (i.e. school dances, student council activities, FCCLA, National Honor Society, homecoming, prom) activities.

The element of competition and winning, though it exists, is controlled to the point it does not determine the nature or success of the program. This is considered to be educationally and psychologically sound because of the training it offers for living in a competitive society. Students are stimulated to want to win and excel, but the principles of good sportsmanship prevail at all times to enhance the educational values of contests. We believe that participation in activities, both as a player and as a student spectator, is an integral part of the students' educational experiences. Such participation is a privilege that carries with it responsibilities to the school, to the team, to the student body, to the community and to the students themselves. In their play and their conduct, students are representing all of these groups. Such experiences contribute to the knowledge, skill and emotional patterns that they possess, thereby making them better people and citizens.

Safety

The District's philosophy is also to maintain an activities program which recognizes the importance of the safety of the participants. To ensure safety, participants are required to become fully familiar with the dangers and safety measures established for the activity in which they participate, and to exercise safety instructions for the activity in which they participate, and to exercise common-sense. In addition, the District requires that activity team members travel to and from out-of-town events as a unit. Any exceptions to this rule must be approved by both the parents and the coach/sponsor and should be

done in writing prior to the departure to the event. The note should be given to the coach/sponsor. Only those people involved with the activity will be allowed to travel in the school vehicle.

Warning for Participants and Parents

The purpose of this warning is to bring your attention to the existence of potential dangers associated with athletic injuries. Participation in any intramural or athletic activity may involve injury of some type. The severity of such injury can range from minor cuts, bruises, sprains and muscle strains of such injury can range from more serious injuries to the body's bones, joints, ligaments, tendons, or muscles, to catastrophic injuries to the head, neck and spinal cord. On rare occasions, injuries can be so severe as to result in total disability, paralysis or death. Even with appropriate coaching, appropriate safety instruction, appropriate protective equipment and strict observance of the rules, injuries are still a possibility.

Section 4 Weekend and Wednesday Night Activities

Activities will be scheduled during the day or after school at a time convenient to the group and its sponsor/coach. Wednesday night practices are to be concluded by 6:00 p.m. There will be no Sunday practices unless there is an NSAA or Lewis & Clark tournament contest on Monday; the practice has been pre-approved by the administration; and it is held after 5:00 p.m. No students are to remain in the school building or on the school grounds after school unless requested or are participating in activities supervised by school personnel. Occasionally, activities may be scheduled by the Nebraska State Activities Association that may be in conflict with this provision.

Section 5 Activities

Sponsors and Organizations

Student organizations within the school may organize only after sponsors have been assigned. Utmost care must be exercised in the selection of officers, since efficiency, not popularity, is the quality needed.

Meetings will be scheduled when requested by the president with the approval of the sponsors. Permission must also be secured for the Principal to facilitate scheduling. All major activities must be placed on the school calendar at the beginning of the year or at least a month in advance of the event so they may be included in the Daily Bulletin. The school reserves the right to supervise, regulate or disband any school organization.

The purpose of the Student Council is to:

1. Promote better relations between students and faculty

3. Promote better feelings among students
4. Afford training in citizenship
5. Ensure sincere respect for law and order

The student council consists of four seniors, three juniors, three sophomores, and two freshmen. Section 7 Activity Code of Conduct

This activity code of conduct is supplemental to the Plainview Public Schools student code of conduct which is in Article 8 of this handbook and any action taken hereunder may be in addition to any action under the student code of conduct said policy.

Ground for Co-curricular Discipline

The grounds for suspension from practices, participation in interscholastic competition, or other participation in co-curricular activities and competitions are set forth below. In becoming familiar with the conduct rules for co-curricular activities, participants need to remember that they are not only representing themselves, but also, their school and community in all of their actions. Special conduct rules exist for the reasons that:

Participants in Activities Assume Responsibility for Leadership and are Representatives of Our School: Participants in co-curricular activities assume a leadership role. The student body, the community and other communities judge our school on the students conduct and attitudes, and how they contribute to our school spirit and community image. The students' performance and devotion to high ideals make their school and community proud.

Activities are a Privilege: Co-curricular activities have an important place in the educational program of the Plainview Public Schools. It is a privilege for the students who choose to participate. Students who participate and are accepted into the program are expected to demonstrate cooperation, patience, pride, character, self-respect, self-discipline, teamwork, sportsmanship, and respect for authority. It is the belief that accepting responsibility for one's actions are a part of that philosophy.

The conduct rules apply to conduct of the student, regardless of whether the conduct occurs on and off school grounds. (If the conduct occurs on school grounds, at a school function or event, or in a school vehicle, the student may also be subject to further discipline under the general student code of conduct). The conduct rules apply to conduct which occurs at any time during the school year, and also includes the time frame which begins with the official starting day of the fall sport season established by the NSAA and extends to the last day of the spring sport season established by the NSAA, whether or not the student is a participant in an activity at the time of such conduct.

For school purposes, the term means any level of impairment and includes even the odor of alcohol on the breath or person of a student. Also, it includes being impaired by reason of the abuse of any material used as a stimulant. In addition, “possession” of alcohol or drugs will be considered to have occurred for purposes of school rules if the student is in such close proximity to alcohol or drug (for example, a student being in a car where alcohol is in the back seat and no adults are present in the car) or to others who are consuming alcohol or drugs (for example, being at a student party at which other students are drinking) that school officials may reasonably determine that the student was in “possession” of the items as well).

Therefore, whenever possible, a wide variety of such activities will be provided, and the students will be encouraged to participate. In order to participate in extracurricular activities, the involved students will be subject to, and expected to comply with certain rules and guidelines as developed by the Nebraska School Activities Association, and/or the school district. Procedures for Co-Curricular Discipline

Students may be suspended by the Principal or the Principal's designee from practices or participation in interscholastic competition or participation in co-curricular activities for violation of rules and standards of behavior adopted by the Plainview Public Schools Board of Education or the administrative staff of the school.

The following procedures will be followed with regard to suspension:

1. The school official(s) considering the suspension will make a reasonable investigation of the facts and circumstances and determine whether the suspension will help the student or other students, further school purposes, or prevent an interference with school purpose.
2. Prior to commencement of the suspension, the student is to be given oral or written notice of the charges against the student. The student will be advised of what the student is accused of having done, an explanation of the evidence the school has, and be given the opportunity to explain the student's version of the facts.
3. If the student is not readily available to meet with the school official for this purpose before the suspension is to begin, then the suspension may be imposed at that time so long as the opportunity for the student to hear the charges and evidence and for the student to tell his or her side of the story occurs as soon as reasonably practicable. An effort to schedule a meeting for this purpose should be made by the student and the student's parent or guardian as well. Given the fact the co-curricular activity suspension actions at times need to be taken outside the regular school day, a telephone conference may be used to give the student the opportunity to provide the student's position.
4. Within two school days or such additional time as is reasonably necessary following the suspension, the Principal or Principal's designee will send a written statement to the student and the student's parents, or guardian describing the student's conduct, misconduct or violation of the rule or standard and the reason for the action taken and the right to a hearing upon request on the specified charges.
5. An opportunity will be afforded the student, parents, or guardian of the student, at their request, to confer on an informal basis with regard with the school official who has imposed the suspension and to give that school official any further information in the student's defense.
6. If the student or student's parents or guardian are not satisfied with the determination of the school official, an informal hearing may be requested before the Superintendent.

A form to request such a hearing must be signed by the parent or guardian will either by provided with the initial notice letter or be made available in the Principal's office. This request must be received by the Principal within five days of receiving the initial written notice of suspension.

7. If a hearing is requested, it shall be held within ten calendar days of the request. The Superintendent will notify the participants of the time and place of the hearing within five days of receiving the request. There will be no stay of the penalty imposed pending an appeal.
8. Upon conclusion of the hearing, a written decision will be rendered within 5 school days. The written decision will be mailed or otherwise delivered to the participant, parents or guardian. A record of the hearing (copies of the documents provided at the hearing and a tape recording or other recordation of the hearing itself) shall be kept by the school.
9. Nothing contained in this regulation shall prevent the participant, parents, guardian or representative from discussing and settling the matter with the appropriate school personnel at any stage.

Attendance and Academics:

Student participants are expected to apply themselves academically by following these expectations:

1. Attend school regularly and show evidence of sincere effort towards scholastic achievement.

Arrangements in advance for extenuating circumstances, such as doctor/dentist appointments, funerals or other activities, can be made with the Principal in writing. Every attempt should be made to be in attendance the day of a contest. Sleeping in to rest up for the game will not be considered an extenuating circumstance, nor will going home ill and then returning to play in the contest later that day.
 - b. If the activity is scheduled during the school day, the student must be in attendance that part of the day preceding the activity unless the Principal has excused the absence.
3. Appearance: Participants will dress appropriately for the activity in which they are involved and will at all times maintain in neat, clean and well groomed appearance.

Section 13 School Bus Regulations

The school bus activity rules are to be enforced by all school sponsors. School bus sponsors are required to maintain order in the bus at all times, regardless of the lack of specific regulations for a problem.

The sponsor is in full charge of the busload of students. The students shall comply promptly with requests. In the event that the sponsor does not control the students, the driver is directed to speak to the students. If this does not work, the driver is instructed to return immediately to Plainview with the load of students.

1. The students must be on time. The bus cannot be detained for those who are tardy.

2. Do not distract the driver at any time when he is driving. Unnecessary conversation with the driver is prohibited.

10. Damage to the bus shall be reported to the driver.
11. Never place any part of your body outside the bus windows.

School Nutrition Program

The school offers a breakfast and hot lunch program for K-12 students and adult employees. There will be two lunch periods for elementary students and two for 7-12 students. Each elementary grade will be dismissed at various intervals. Clean up after yourself. Don't cut the line. Food is to be eaten only in the cafeteria. There will be no running to lunch. You are to use good table manners. Students who bring their own lunches must eat in the lunchroom. 10th-12th grade students who go downtown must eat before returning to school.

Some families will be eligible for free or reduced price meals. Forms will be sent home from the office. We request that all families complete the forms. Section 3 Anti-discrimination & Harassment Policy:

Elimination of Discrimination. The Plainview Public Schools hereby gives this statement of compliance and intent to comply with all state and federal laws prohibiting discrimination or harassment and requiring accommodations. This school district intends to take necessary measures to assure compliance with such laws against any prohibited form of discrimination or harassment or which require accommodations.

Preventing Harassment and Discrimination of Students.

Purpose: Plainview Public Schools is committed to offering employment and educational opportunity to its employees and students in a climate free of discrimination. Accordingly, unlawful discrimination or harassment of any kind by administrators, teachers, co-workers, students or other person is prohibited. In addition, the Plainview Public Schools will try to protect employees and students from reported discrimination or harassment by non-employees or others in the work place and educational environment.

For purposes of this policy, discrimination or harassment based on a person's race, color, religion, origin, sex, disability or age is prohibited. The following are general definitions of what might constitute prohibited harassment.

In general, ethnic or racial slurs or other verbal or physical conduct relating to a person's race, color, religion, disability or national origin constitute harassment when they unreasonably interfere with the person's work performance or create an intimidating work, instructional or educational environment.

Age harassment (40 years or age and higher) has been defined by federal regulations as a form of age discrimination. It can consist of demeaning jokes, insults or intimidation based on a person's age.

Sexual harassment is defined by federal and state regulations as a form of sex discrimination. It can consist of unwelcome sexual advances, requests for sexual favors, or physical or verbal conduct of a sexual nature by supervisors or others in the work place, classroom or educational environment.

Sexual harassment may exist when:

Submission to such conduct is either an explicit or implicit term and condition of employment or of participation and enjoyment of the school's programs and activities;

Submission to or rejection of such conduct is used or threatened as a basis for employment related decisions, such as promotion, performance, evaluation, pay adjustment, discipline, work assignment, etc., or school program or activity decisions, such as admission, credits grades, school assignments or playing time.

The conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working, classroom or educational environment.

Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing, "practical jokes", jokes about gender-specific traits, foul or obscene printed or visual material, and physical conduct, such as patting, pinching or brushing against another's body.

Complaint and Grievance Procedures:

Employees or students should initially report all instances of discrimination or harassment to their immediate supervisor or classroom teacher. However, if the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student is encouraged to go to the level of supervision. In the case of a student, the Principal would be the next or alternative person to contact.

If the employee or student's complaint is not resolved to his or her satisfaction within five (5) to ten (10) calendar days, or if the discrimination or harassment continues, or if as a student you feel you need immediate help for any reason, please report your complaint to the Superintendent of Plainview Public Schools. If a satisfactory arrangement cannot be obtained through the Superintendent of Plainview Public Schools, the complaint may be processed to the Board of Education.

The supervisor, teacher or the Superintendent of Plainview Public Schools will thoroughly investigate all complaints. These situations will be treated with the utmost confidence, consistent with resolution of the problem. Based on the results of the investigation, appropriate corrective action, up to and including discharge of offending employees, and disciplinary action up to expulsion against a harassing student, may be taken. Under no circumstances will any threats or retaliation be permitted to be made against an employee or student for alleging in good faith a violation of this policy.

Section 4 Notice to Parents of Rights Afforded by Section 504 of the Rehabilitation Act of 1973:

9. Examine all relevant records relating to decisions regarding your child's identification, evaluation and placement.

Section 5 Notification of Rights Under FERPA:

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the district receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record (s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the school district to amend a record that they believe is inaccurate or misleading. If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. The request for information should be made to an administrator in your child's school building. The information will be provided to you in a timely manner. Finally, Plainview Public Schools will give timely notice to you if your child has been assigned, or has been taught for four or more consecutive weeks by a teacher who does not meet the requirements of the Act.

Section 8 Student Privacy Protection Policy:

It is the policy of Plainview Public Schools to develop and implement policies which protect the privacy of students in accordance with applicable laws. The District's policies in this regard include the following:

Right of Parents to Inspect Surveys Funded or Administered by the United States Department of Education or Third Parties: Parents shall have the right to inspect, upon the parent's request, a survey created by and administered by either the United States Department of Education or a third party (a group or person other than the District) before the survey is administered or distributed by the school to the parent's child.

Protection of Student Privacy in Regard to Surveys of Matters Deemed to be Sensitive: The District will require, for any survey of students which contain one or more matters deemed to be sensitive (see section headed "Definition of Surveys of Matters Deemed to be Sensitive"), that suitable arrangements be made to protect student privacy (that is, the name or other identifying information about a particular student). For such surveys, the District will also follow the procedures set forth in the section entitled: "Notification of the Right to Opt-Out of Specific Events."

Right of Parents to Inspect Instructional Materials: Parents shall have the right to inspect, upon reasonable request, any instructional material used as part of the educational curriculum for their child. Reasonable requests for inspection of instructional materials shall be granted within a reasonable period of time after the request is received. Parents shall not have the right to access academic tests or academic assessments, as such are not within the meaning of the term "instructional materials" for purposes of this policy. The procedure for making and granting a request to inspect instructional materials are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal. The building principal, within five (5) school days, shall consult with the teacher or other educator responsible for the curriculum materials. In the event there is a question as to the

nature of the curriculum materials requested or as to whether the materials are required to be provided, the building principal shall notify the parent of such concern, and assist the parent with forming a request which can reasonably be accommodated. If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings. The general policy and practice of the District is to not administer physical examinations or screening of students which require advance notice or parental opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law; and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act. For physical examinations or screenings which do not fit into the applicable exceptions, the District will follow the procedures set forth in the section entitled; "Notification of and Right to Opt-Out of Specific Events."

Protection of Student Privacy in Regard to Personal Information Collected from Students: The general policy and practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. The District will make reasonable arrangements to protect student privacy to the extent possible in the event of any such collection, disclosure, or use of personal information. "Personal information" for purposes of this policy means individually identifiable information about a student including: (1) a student or parent's first and last name, (2) home address, (3) telephone number, and (4) social security number. The term "personal information," for purposes of this policy, does not include information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions. This exception includes the following examples: (i) college or postsecondary education recruitment, or military recruitment; (ii) book clubs, magazines, and programs providing access to low-cost literary products; (iii) curriculum and instructional materials used by elementary schools and secondary schools; (iv) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, useful data for the purpose of securing such test and assessments, and the subsequent analysis and public release of the aggregate data from such tests and assessments; (v) the sale by student of products or services to raise funds for school-related or education-related activities; (vi) student recognition programs.

Parental Access to Instruments used in the Collection of Personal Information:

While the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, parents shall have the right to inspect, upon reasonable request, any instrument which may be administered or distributed to a student for such purposes. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received. The procedures for making and granting such a request are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member or program responsible for the collection, disclosure, or use of personal information from students for the purpose of marketing that information. The building principal, within five (5) school days, shall consult with the school staff member or person responsible for the program, which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information is occurring or there is a plan

for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

Annual Parental Notification of Student Privacy Protection Policy: The District shall provide parents with reasonable notice of the adoption or continued use of this policy and other policies related to student privacy. Such notice shall be given to parents of students enrolled in the District at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in such policies.

Notification to Parents of Dates of and Right to Opt-Opt of Specific Events: The District shall directly notify the parents of the affected children, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when any of the following activities are scheduled, or are expected to be scheduled:

The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. (Note: the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information).

Surveys of students involving one or more matters deemed to be sensitive in accordance with the law and this policy; and,

Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student or other students. (Note: the general practice of the District is to not engage in physical examinations or screenings which require advance notice, not engage in physical examinations or screenings which require advance notice, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions to the advance notice requirement and parental opt-out right: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law, and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act).

Parent shall be offered an opportunity in advance to opt their child out of participation in any of the above listed activities.

In the case of a student of an appropriate age (that is, a student who has reached the age of 18, or a legally emancipated student), the notice and opt-out right shall belong to the student.

Definition of Surveys of Matters Deemed to be Sensitive: Any survey containing one or more of the following matters shall be deemed to be “sensitive” for purposes of this policy:

1. Political affiliations or beliefs of the student or the student’s parent;

Enrollment of and Services to Homeless Children: A homeless child shall be enrolled in compliance with law and be provided services comparable to services offered to other students in the school in which the homeless child has been placed. Placement of a homeless child is determined based on the child's "school of origin" and the "best interests" of the child. The "school of origin" means the school that the child attended when permanently housed or the school in which the child was last enrolled. Placement decisions shall be made according to the District's determination of the child's best interests, and shall be at either: (1) the child's school of origin for the duration of the child's homelessness (or, if the child becomes permanently housed during the school year, for the remainder of that school year) or (2) the school of the attendance area where the child is actually living. responsibility and costs for providing the child with transportation to and from the school or origin and, if they are unable to agree, the responsibility and cost for transportation shall be shared equally.

Annual Notification of Asbestos Management Plan Availability

Federal regulations require all schools to inventory asbestos containing materials and develop management plans to identify and control asbestos containing materials in their buildings. The presence of asbestos in a building does not mean that the health of building occupants is necessarily endangered. As long as asbestos containing material remains in good condition and is not disturbed, exposure is unlikely.

The plan will be available within 5 working days to the representative of the EPA, the state, and the public, including parents, teachers, and other school personnel and their representatives. The school may charge for copies.

At least once each six months a periodic surveillance is conducted on all asbestos containing materials and suspect material assumed to contain asbestos. A re-inspection is conducted every three

years in all schools that have asbestos containing material. From time to time operations and maintenance activities may be conducted to maintain all material in good condition.

For more information about the asbestos located within the Plainview Public School building you may contact Superintendent Dr. Darron Arlt at 402-582-4993.
