Step 3

Triennial Assessment Reporting Template

This editable template helps your team easily and consistently share your School Food Authority's (SFA's) wellness policy assessment results. Input your SFA's specific information, then download and save the customized document to your computer.

Follow these instructions:

- ➔ Select a reporting template (template 1 on page 2 or template 2 on page 3) listed in Document tabs

- ➔ Modify the document using the template specific instructions below:
  - ◆ Template 1
    - Add the School/District/RCCI name in the header and replace the LOGO placeholder with your school/district/RCCI's logo.
    - Replace the photo placeholder with a photo of wellness activities that your School/District/RCCI participated in (optional) or delete. Additional photos may be included on a second page but are not required.
    - Replace existing instructional text/placeholders under each header with the applicable information and the triennial assessment results summary.

  - ◆ Template 2
    - Add School/District/RCCI name, address, and phone number in the header and replace the LOGO placeholder with your school/district/RCCI's logo.
    - Replace existing instructional text/placeholders with the applicable information and the triennial assessment results summary.

- ➔ Click File > Download > PDF

- ➔ Print or save the customized document

Wellness policy goals

1. Our policy offers healthy meal choices and an alternative second option, all meals are easily accessible.
2. Our school has a well-rounded staff to promote activity between our regular P.E. and recess.
3. Our school has great resources for promoting mental health and well-rounded students.

Key achievements

1. We are working to meet regularly to implement proper education and staff support and education.
2. We are continuing to promote healthly choices for our lunch program and offer fresh fruits and vegetables for snack.
3. We are working hard to keep parents informed on our wellness policy.

Next Steps

Our next steps are to continue to meet regularly to make sure we are meeting requirements, coming up with new ideas, and doing all we can to promote health and wellness for our students.

Plainview Public Schools Community,

Our district takes pride in supporting the needs of the whole child, to insure that all children are safe, supported, engaged, and challenged each day as they walk into our buildings.

Research indicates that initiatives focused on improving aspects of students' well-being in schools—such as addressing childhood obesity, preventing bullying, supporting students mental health, and restricting schools' use of exclusionary discipline—have been found to be successful in improving student success, and academic excellence. We have assessed our wellness policy as part of the USDA requirements. Below are the results of our assessment.

The following sections will be added to the Local School Wellness Policy as per USDA requirements:

- The district provides parent information concerning free/reduced lunches and encourages all parents to fill out proper forms. The district keeps the forms confidential in the central office when turned in.

- The district utilizes a timer on vending machines that students are allowed to purchase drinks from, however not allowed to be purchased during lunchtimes.

- The district has the kitchen staff to place informational posters of nutrition on the walls of the cafeteria.

- The district is part of an EHA Wellness program and the staff is provided with information to participate in the various programs offered. The school board wellness committee conducts a hearing each July on the wellness policy.

If you have any questions, please contact Lovay Wells, at kitchen@plainviewschools.org

Respectfully,

Lovay Wells
Local School Wellness Policy Coordinator
